DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

ALUMNI TALK REPORT

The Department of Electronics and Communication Engineering of Sapthagiri College of Engineering organized an Alumni talk "IDEA Answering WH (What, When, Which, How) Question about a good idea" on 2nd February 2022 from 11:00AM to 12:30 PM by Dr. Deepak P, Co-founder of Silicon Valley based startup watt worker an Alumni of batch 2009-2013. He is an engineer turned into an entrepreneur.

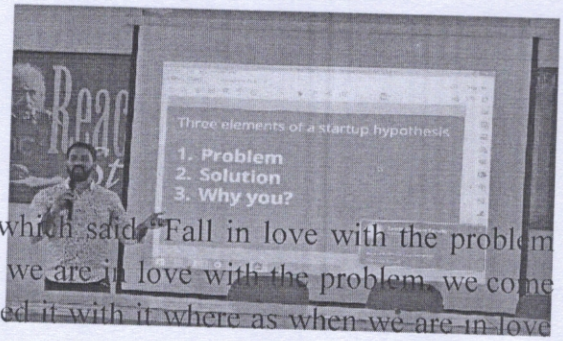
Deepak pursued his bachelors in Electronics and Communication Technology and he started his masters in Germany in the field of Computer and Communication Technology at Saarland University where he was graduated with honors degree. His interest in academia made him pursue PhD in Norway in the field of Bio-Medical Engineering at Norwegian University of Science and Technology. He was involved in design of energy efficient sensor networking for leadless pacemakers in heart. Deepak is currently a cofounder of a Silicon Valley based startup called Watt Worker. They are working on supporting the EV infrastructure development on the long-haul travel in the USA and Norway.

Principal
Sapthagiri College of Engineering
Chikkasandra, Hesaraghatta Road
Bangalore- 560 057

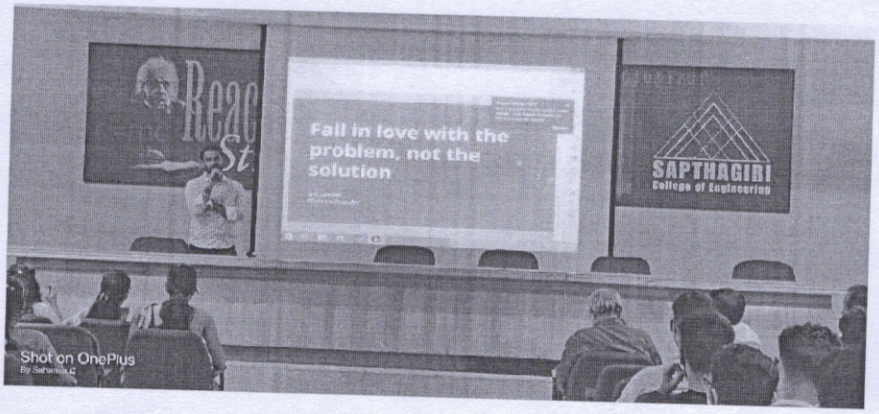
The main theme of this Alumni Talk was to enlighten the minds of budding engineers in terms of IOT hardware and firmware development, make the students realize the importance and benefits of Entrepreneurship.

In this session conducted for around one and half hour Dr. Deepak mentioned about his envision that it was time to focus on technologies that add to human and ecological well-being. He gave encouraging and motivational examples of his own life about the times during his Engineering life when he would sit at a place and watch an old man carrying a bucket of water, he waters the plants and start thinking how he could use his knowledge of machine learning to develop a technology to make sure all the plants are uniformly and easily watered and thus turn them into pro-green intelligent energy assets. He also encouraged enter entrepreneurship by promising to help all those students who were really interested in it.

He guided students that what are three elements of a startup hypothesis namely, "Problem, Solution and why us?". The main motto he gave students was "Startup=growth" which said A startup is a company designed to grow fast.

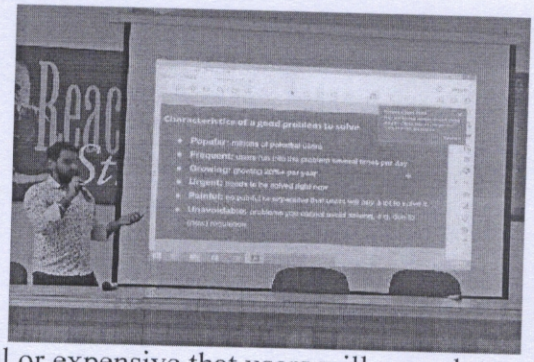


He also said a line which really inspired everyone which said "Fall in love with the problem instead of with the solutions" this really meant when we are in love with the problem, we come up with good ideas of to solve it and thus can succeed it with it where as when we are in love with the solutions it only imagines success path and no idea will ever come up. Finding a solution which really people need at that moment is definitely a great success.



Principal
Sapthagiri College of Engineering
Chikkasandra, Hesaraghatta Road
Bangalore- 560 057

He said how google came up with a start up plan in 1998 and how far it has come in 2022. The main startup idea was to make people interact through a social media and after many tries it was successful. The same way we must look into the problem which the real world needs and the urgency of the problem to be solved.



He also made the students understand the characteristics of a good problem to solve that popularity of the problem is important where millions of potential users use it. Secondarily, frequent at which the users run into the problem several times per day. Thirdly, the growing percent should be of 20%+ per year.
Fourthly, urgency at which the problem needs to be solved right now. Fifthly, which must be so painful or expensive that users will pay a lot to solve it. Lastly, the problem must be unavoidable that we cannot avoid solving.

By this the talk was ended, later he gave a modern problem which he asked solutions or ideas which students would come up with, many interesting ideas were shared by the students. His personal interacting was very interesting. And thus, the section was ended.

Principal
Sapthagiri College of Engineering
Chikkasandra, Hesaraghatta Road
Bangalore- 560 057

The session was attended by 110 students of 3RD Sem E&CE branch and each of them made the session a resounding success.

This alumni talk helped the students to get an idea of the outside real world.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

ALUMNI TALK REPORT

Department of Electronics and Communication Engineering of Sapthagiri College of Engineering organized online Alumni talk " The Mountain and the Hill(mindset for success)" on 21st December 2021 from 11AM to 12 PM by Mr Sampath Hegde, Engineering Manager, Robert Bosch Engineering and Business solutions an Alumni of batch 2008-2012. He started his carrier in Bosch from 2012.

The lecture was organized for 1st semester students of Electronics and Communication Engineering department as part of induction program to provide exposure to students

The main theme of the alumni talk is to enlighten the minds of budding engineers in terms of personality skill development for their successful placement and to encourage entrepreneurship.

Mr Sampath Hegde delivered a motivational talk. He mentioned that being passionate is the key to success. He gave encouraging examples from his own life which inspired students to be self motivator. He discussed the importance of positive thinking and attitude which brings optimism into life and such constructive changes can make one brighter and successful.

Date of Organization	13-07-2021
Venue (with address)	Google Meet Link - **https://meet.google.com/uzi-dfir-avz**
Objectives of the event/activity	The Alumni talk event started at 8.30 AM with welcome speech by Dr. KamalakshiNaganna Professor & Head, Dept. of CSE thanked College Management, Principal Dr. Ramakrishna H, HOD's of all department for providing opportunity to organize this event and gave brief introduction of today's speaker Flt Lt PoonamSaini.
Participants (Please attach list of participants, if it is organized/conducted in the dept.))	130 students
Mention organized /participated/attended	Prof. S Suresh Kumar, Prof. Kiran S

Event Description:

The Speaker PoonamSaini., Flight lieutenant, Indian Air force gave brief introduction of Air force like we can get into the flying branch as a graduate through CDS exam (men), through AFCATexam (men & women), through NCC special entry (men). we can also **get** in after 10+2 by qualifying the NDA/ NA exam. Pros and Cons of Indian Air force Career such as One gains knowledge about various managing and administrative skills. Both the individual and his/her family member enjoy the perks of belonging to a defence background starting from Free healthcare, education and retirement benefits.

Overview:The Air Force has become the world's premier aerospace force. Its mission, simply put, is to defend the nation through the control and exploitation of air and space. Although obviously tasked with flying missions, most personnel work on the ground in various construction, support and technical capacities.

At the end, today's Convener Dr. KamalakshiNaganna, Professor, Dept. of CSE presented vote of thanks to our College Management, today's Speaker PoonamSaini, Principal Dr. Ramakrishna H, HOD's of all department, participants and Coordinators for successfully completing the event.

*Type of event/activity	ALUMNI TALK
Name/Title of the Activity/Event	CHALLENGES OF ENTERPRENEURSHIP
Date of Organization	13-11-2021
Venue (with address)	SEMINAR HALL
Objectives of the event/activity	Objective of CSI is to facilitate research, **knowledge** sharing, learning and career enhancement for all categories of IT Professionals, while simultaneously inspiring and nurturing new entrants into the industry and helping them to integrate into the IT community. To enhance the knowledge of ENTERPRENEURSHIP
Participants	110 students
Mention organized /participated/attended	PROF. VINDHYA G B & PROF. RASHMI H C

Event Description:

- Entrepreneurship is the ability and readiness to develop, organize and run a business enterprise, along with any of its uncertainties in order to make a profit. The most prominent example of entrepreneurship is the starting of new businesses
- The entrepreneur is defined as someone who has the ability and desire to establish, administer and succeed in a startup venture along with risk entitled to it, to make profits. The best example of entrepreneurship is the starting of a new business venture. The entrepreneurs are often known as a source of new ideas or innovators, and bring new ideas in the market by replacing old with a new invention.
- So To provide the very basic knowledge of Entrepreneurship &the activity of setting up a business, this talk was organized by Department of CSE and was appreciated by all the students as they were able to add another feature in their technical skill set. The speaker Mr. NARAHARI RAO, FOUNDER & DIRECTOR, CHINTAMONEY has given the ability and readiness to develop, organize and run a business enterprise, along with any of its uncertainties in order to make a profit. The alumni talk gave the students information about the importance of ENTERPRENEURSHIP which motivated the students with his speech and explained that these kind of alumni talks are beneficial for their upcoming placements and technical knowledge.

Department of Computer Science & Engineering

Academic Year: 2020- 2021

*Type of event/activity	Alumni Talk
Name/Title of the Activity/Event	**Hyperconverged infrastructure of Cloud Computing Technology**
Date of Organization	17th December 2021
Venue (with address)	Seminar Hall, SCE, Bangalore
Organized by (Resource Person)	Department of Computer Science and Engineering. Resource Person: Ms. Sharon Leo
Objectives of the event/activity	To enhance the knowledge on infrastructure of Cloud Computing Technology
Participants	All CSE students from different semester
Mention organized /participated/attended	Prof. Chaitra N C

Event Description:

Online Alumni talk was conducted for the benefits of enhancing and improving the knowledge of cloud computing infrastructures in daily life with industry perspective for all the Students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 17th December 2021 The following topics were discussed in the sessions :-Cloud infrastructure components, Hypervisor, management software, Deployment software, Infrastructural constraints. Also the speaker gave information about how to maintain personal CGPA and how to study all different subjects in a limited period of time. Also encouraged students to attend placement activities and explained about self improvement in career. Students were interacting throughout the session as it was more interactive and interesting and also got more information about industry aspects to get place in different companies.

Name/Title of the Activity/Event	**Mean Stack Technology**
Date of Organization	23rd APRIL 2022
Venue (with address)	ALH108,SCE,Bangalore
Organized by(Resource Person)	Department of Computer Science and Engineering. Resource Person: Mr. Deepak K.N
Objectives of the event/activity	To enhance the knowledge on Mean Stack Technology
Participant	6th Semester CSE students
Mention organized /participated/attended	Prof. Anitha Rao, Prof. Shobha. K

EventDescription:

Alumni talk was conducted for the benefits of enhancing and improving the knowledge of Mean Stack technology with industry perspective for the 6TH Semester Students of Department of Computer Science and Engineering, Sapthagiri College of Engineering, Bangalore on 23rd APRIL 2022. The following topics were discussed in the sessions:-About Mean Stack Technology, Four Key Technologies that make up the layers of stackMongoDB, ExpressJS, AngularJS, and Node.JS. MEAN represents the arrival of JavaScript as a "full-stack development" language, running everything in an application from front end to back end for developing web based Application. Also encouraged students to attend placement activities and explained about self improvement in career. Students were interacting throughout the session as it was more interactive and interesting and also got more information about industry aspects to get place in different companies.

Forum activity August 2021

Type of event/activity	Alumni Talk
Name/Title of the Activity/Event	Missing link of Computational Biology in Wet lab research
Date of Organization	30/08/2021, 9.00 AM
Venue (with address)	Department of Biotechnology (SCE)
Keynote Speaker	Mr. Abhishek B. Vaidya, Doctoral student, Icahn School of Medicine, Mount Sinai, USA
Organized by	Department of Biotechnology Convener: Dr. Prashanth Kumar BT Co-convener: Sri. Sunil Kumar N Udbhava Technologies Pvt Ltd, Bangalore Student Co-Ordinators: Ms. Nisarga and Mr Kaushik
Objectives of the event/activity	• Concept of Biosensors • Various ways of synthesis and application
Participants (Please attach list of participants, if it is organized/conducted in the dept.))	• 60 participants
Mention organized /participated/attended	• Organized

Event Description:

The Department of Biotechnology conducted a webinar for Students under the banner of The Institution of Engineers (India) Student chapter and Shrishti BT forum on 30th Aug -2021 at 9.00am to 10.30am. Alumni interactions was conducted in collaboration with Shri. Sunil Kumar N, Udbhava Technologies Pvt Ltd, Bangalore. Platform was created for students to understand the future perspective of their higher studies and to understand the requirement and importance of industry.

Principal
