Report on Navaratri Festival-2021

Navaratri is a festival which is celebrated with great pomp and splendour in India. The festival is so called as it encompasses celebrations over a period of nine nights. *In **Karnataka**,* Hindu temples and prominent sites are all lit up during Navratri. Mysuru Dasara is a popular celebration during this time, and it is marked by a royal procession. On the ninth day of Navratri, Hindus celebrate Ayudha Puja, wherein tools of livelihood and vehicles are not used. Prayers are offered to the goddesses to protect the one who wields the tool. Another popular event is the decoration of homes with art dolls known as Gombe. In a nutshell, the festival depicts the universal theme of the victory of good over evil.

In Sapthagiri College of Engineering Navaratri festival is celebrated from 07-10-2021 to 13-10-2021. Nine days of Navarathri Celebration is divided among the different departments. Saraswathi Pooja is performed in the library and Ayudha pooja was conducted in their respective departments. We also had a Dandiya performance in the campus. Students participated in the festival whole heartedly. The celebration included decorations by the students and faculty, pooja and distribution of prasadam.

REPORT ON HOMBELAKU-2021

Diwali is one of the most beautiful festivals of Hindus. It is celebrated with great enthusiasm throughout the length and breadth of India. It's the festival of lights. On this occasion the cultural Team (KALARAVA) of our college organized the event 'HOMBELAKKU' on 4-11-2021. This event was conducted to build up, improve the unity among the students from various departments of the college. This also paved way for all other cultural events to be conducted in the college and what better way to start than by lighting diyas. Students from various classes and backgrounds took part in this event which showed a great unity among them. All the students were asked to bring diyas and the students showed great enthusiasm and actively participated, more than 1000 diyas were collected and lit by the students, the academic block was decorated with diyas and a few students made a rangoli which was eye catching and we offered our prayers to the Saraswati idol situated in the academic block of our college. The whole college enthusiastically took part in this event and it turned out to be a great, successful and a beautiful event filled with lights.

The event was started by lighting of diyas by the Principal and HODS's of all departments then later by the students. Puja for the idol was performed by Mr. Thejas MS, faculty of MECH. A devotional song was sung by the students of BT. Prasadham was distributed at the end of the puja. Cultural dance was performed by the students at the end of the event. The event was concluded with vote of thanks by Mr. Tejas P.

Report on Tribute to Puneeth Rajkumar

A heartfelt tribute and a prayer meet for the demised soul- Puneeth Rajakumar, who was one of the finest actor of the Indian cinema with a National award for acting, was organized by the cultural committee on 29th November 2021 at 3PM. This program was presided by the principal, HOD's of all the departments, faculty and students. The program was conducted with all the precautions taken with respect to the Covid pandemic.

Although in disbelief at our hearts about his demise, the crowd gathered in a huge number to pray for his soul and to pay him tribute. The program started with a tributary dance for the legend of dance by a team of dancers from BT department. They danced on all the songs that were a major part of his cinematic career. The dance tribute was also dramatically planned portraying how he will be remembered for many coming years. At the end of the dance, a large banner of him was dropped hanging from the top floor of the civil block.

Followed by the dance tribute was lighting of the lamps by the principal and the HOD's of all the department. Then the program was continued with a condolences speech by the principal, Dr.H.Ramakrishna. He not only did mention his success as an actor but also talked about Puneeth Rajkumar as a person and how he had a great impact on the society with his social works in his speech. He also did sing a tributary song for Puneeth Rajkumar. The gathering also paid respect and condolences to the soul by maintaining one minute of silence. And the program was ended with another tributary song by one of the faculties Mr. Girish.

The program had a great participation number of students and faculties. This was not a happy event but it was definitely one which will be remembered, remembered for the greatness of the life he lived.

Report on Mathru Bhasa Divas 2022

This is a report on "Mathru Bhasha Divas" which was conducted on 18/02/2022 in Sapthagiri College of Engineering. The first language a baby learns from birth is called the mother language, and therefore plays a crucial role in our lives for various reasons. Studies have shown that cognitive development and intellectual development are comparatively faster in fluent in their mother tongue. The educational success in their mother tongue is higher than someone taught in a language other than their mother tongue. Languages are the primary means of keeping our culture alive. Often, the direct translation of one language into another cannot convey the same essence as in the source language. Therefore, the best way to know a culture thoroughly is to understand the language. The mother tongue helps us stay connected to our traditional, cultural values and our roots. If a child reads in their mother tongue from an early age, they will have more substantial reading and writing skills in other languages. Knowing your mother tongue to communicate with your local customers if you want to become an entrepreneur is beneficial. It enriches one's confidence and creates awareness in one's mind while also connecting with his cultural identity. Mother's tongue has a tremendous positive impact on an individual's personality; however, the medium of education, usually English, also encourages parents to speak to their children in the second language. This leads to confusion in the children's minds and, hence, difficulties mastering first and second languages.

The following are the details of the activities and respective faculty coordinators, performed on the occasion of Mathru Bhasha Divas.
