ALUMNI MEET - 2018

*JOIN TO CELEBRATE YOUR MEMORIES,
WHILE BUILDING NEW ONES...*

WITH MANAGEMENT, PRINCIPAL, STAFF & STUDENTS

ALUMNI MEET - 2018

*Looking to reconnect with friends and faculties
from your graduate school days?*

Here's one way:

*Please joining us..
On A Day To Showcase & Highlight Recent & Past Successes
Of Alumni, Students & The College*

*Venue: Seminar Hall
Date: 24/02/2018*

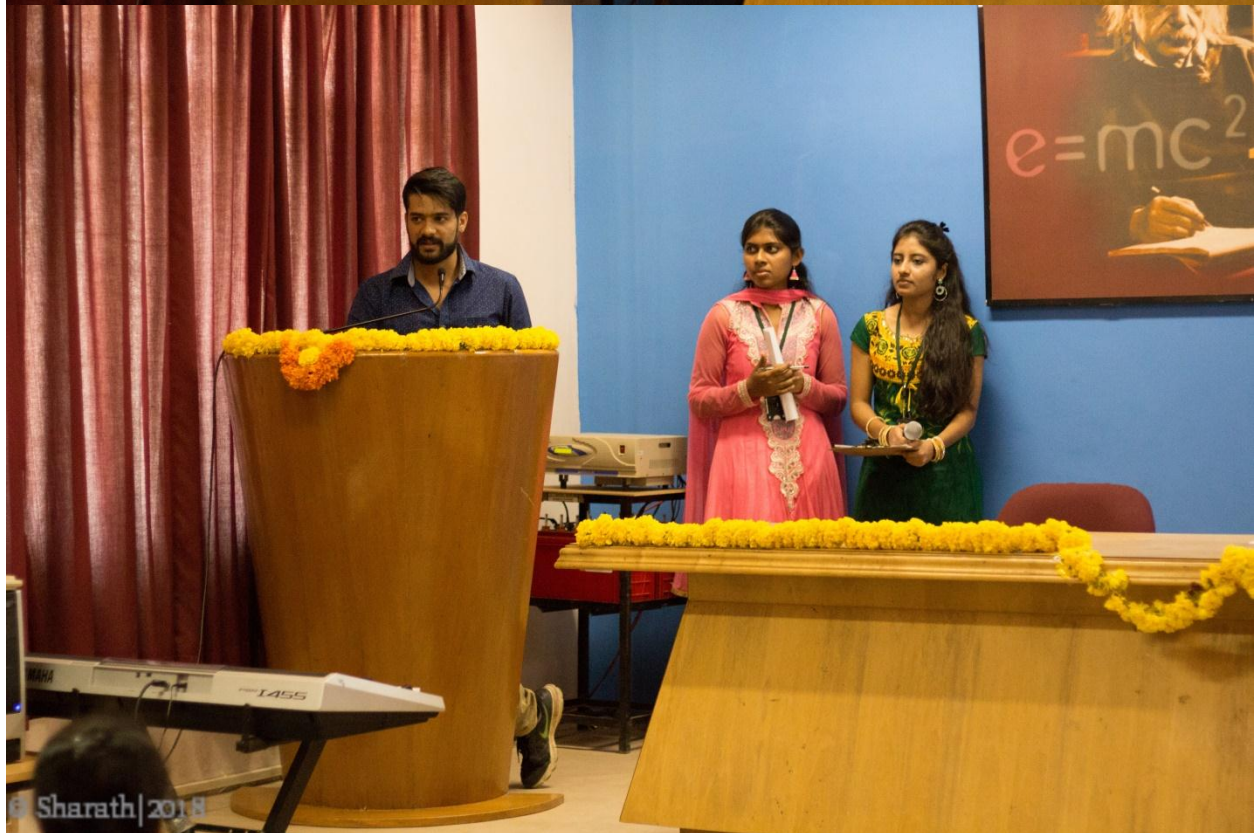

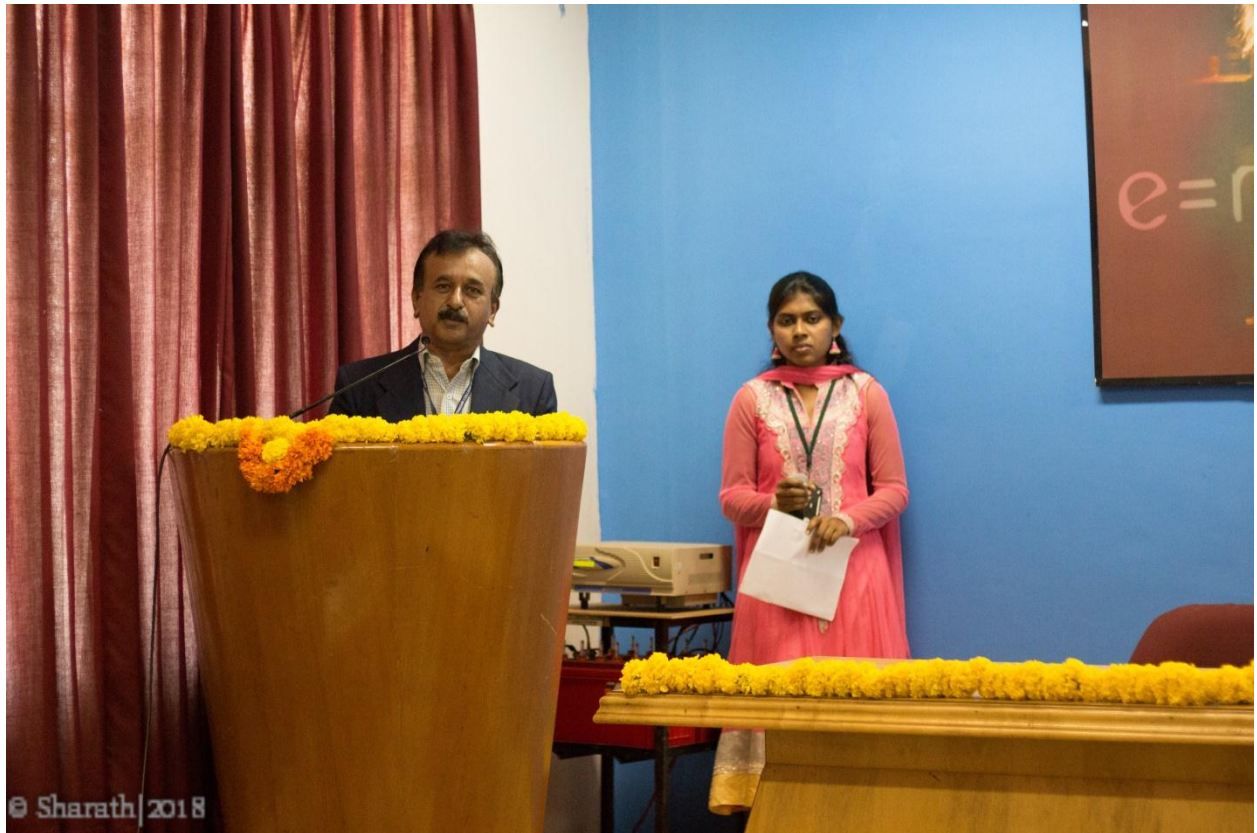

Reunions are a fantastic way to meet up with old friends and reminisce about your days at college. By hosting this reunion, our efforts are so that you all can reunite with your old classmates and batch mates who have lost touch with one another, reigniting old friendships and an opportunity for you to meet your teachers and to hold a celebration for those of you that have managed to stay in touch over the years.

The SCE family invites you to attend the Sapthagiri College of Engineering Grand Alumni homecoming ***on the 24th of February 2018*** that is on Saturday, at the SCE Amphi Theater ***starting at 10:00 am.***

Thus the forthcoming event beckons you for a special bond which is not only a symbiotic relationship but something that connects us in an emotional link never to break. It calls upon you to come forward and connect to your institution; the place you were once part of and the same place that you once never felt like leaving. Your association with us thereby provides you with a platform to not just merely give back but get back to your institution in any way your present situations allow you to. From enlightening us with your ideas or helping us become better with feedback for improvement; all we request is for your time and experience to act as a treasure hold of knowledge for the future students of SCE. This special event is about rekindling friendships, sweet reminiscing of the past and creation of new memories, as we get nostalgic for the new beginning 2018.

To make this event colorful, we encourage you to come and take part in this Alumni meet and make it a grand success which would be impossible without your precious presence!!

Suggestions from Alumni for the development of Institution

- Alumni Members are suggested to:
- Alumni Chapter development.
- Contribution from alumni members.
- Services to the college (Seminars, workshops and Industrial visits).

- interaction between present faculties with passed out students.
- Conducting job fairs in the Campus.
- 40% - 50% syllabus to be covered by subject faculty and the remaining to be covered by way of seminars, webinars, internships and other interaction with other colleges and corporate.
