

ECO CLUB REPORT

Name of Event	GLOBAL WARMING REPORT
Date	24/6/2016
Issues addressed	Global warming
Place of the event conducted	SAPTHAGIRI COLLEGE OF ENGINEERING
<p>Student volunteers organized an event “Global warming” at Sapthagiri college of engineering. The Program was organised and co-ordinated by Prof. Prashanth (ECO Club) in association with Prof.Tulsidas (Community club) along with students from both Community and Eco club. The essay writing topic had discussed with the concerned departments for the finalisation and got finalised. Later the same decided to conduct event on this issue. Students of Sapthagiri College of Engineering participated in essay writing on “Global Warming”. Global warming is a term almost everyone is familiar with. It is happening due to single reason but because of many reasons. Global warming has become grave problem which needs undivided attentions. One of the most common issues that are taking place rapidly is deforestation. These causes are natural and manmade. To make aware of students not pollute the environment which is very hazardous to the human kind .Generally, people are unaware of disposal of garbage waste and industrial effluents emitted by the industries. Government of India and international pollution commission recommended to go with the Euro norms automobiles to reduce pollutants produced by vehicles. Vehicles emit huge quantity Carbon which causes global warming. Based on this, committee arranged an essay writing on Global Warming, Steps must be taken immediately to stop global warming and make the earth better.32 students were participated voluntarily and learnt how to minimise and to create awareness amongst public.</p>	
Impact & Sensitization	Students are able to create awareness on global warming.
Faculty Coordinators	Ramkumar M , Yusuf Maadar
