### Intellectual Property Right Report

**Topic: "Importance of Patents for Engineering Faculty"**

By

**Dr. Dinesh Anvekar K**

Principal,

Alpha College of Engineering  
Bengaluru.

**Date: 13.09.2016**

**Time: 2 PM to 4 PM**

**Venue: Room No 406, SCE Bengaluru.**

The Sapthagiri College of Engineering conducted a one day FDP on "Importance of Patents for Engineering Faculty" for creating awareness about Intellectual Property Rights amongst faculty. The session started with welcome note and introduction of the speaker by Prof. Rekha, Dept of EEE.

The speaker Dr. Dinesh Anvekar stated that India has become a member of the global patent regime but awareness and expertise on the subject of Intellectual property Rights (IPR) in the academic institutions is still inadequate. Maintenance of a proper balance and fine tuning of academic excellence with academic integrity and protection and exploitation of intellectual property rights is becoming very important for the universities.

In the current scenario the aggressive and targeted creation of intellectual property is the need. Protection of IPR and its commercialization propagates innovative culture, profitability, market leadership and helps creation of wealth for the individual and eventually the Nation. For that IPR awareness is required which is significant for fruitful growth of the Intellectual property rights (IPRs).

The programme included talks on importance of IPRs and their protection, Patenting procedures and patent informatics, patent searches, role of innovation and invention in the
