About IMTEX;

Indian Machine Tool Manufacturers' Association (IMTMA) organized IMTEX FORMING 2020 at the Bangalore International Exhibition Centre (BIEC) from 23rd to 28th January 2020 in Bengaluru.

IMTEX FORMING 2020 is a significant exhibition for South East Asia with the presence of leading national and international manufacturing firms from the metal forming sector. IMTEX FORMING features all aspects of forming technologies, predominantly sheet metal forming. This exclusive business-to-business event attracts Indian and foreign exhibitors who offer a range of technologically innovative manufacturing and engineering products and applications.

Tooltech 2020

Tooltech 2020, a concurrent event of dies & moulds, forming tools, machine tool accessories, metrology and CAD/CAM is held simultaneously.

At Imtex Exhibition Pavilion

Students and faculty had the opportunity to see the demonstration of heavy duty hydraulic and pneumatic presses, CNC turning centres, Inspection Robots, etc. In the exhibition many countries participated and demonstrated their wide range of products.
