STUDENT INDUCTION PROGRAM REPORT (ODD SEM ACADEMIC YEAR 2022-23) (FROM 01.12.2022 TO 10.12.2022)

Transition from school to university/college life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and most of them have little knowledge of a university/ college. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role.

Currently, precious little is done by most institutions, except for an orientation Programme lasting a couple of days. Student Induction is designed to help in the whole process. Therefore, it should be taken seriously, and as something more than the mere orientation programme.

Student Induction Programme is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self exploration.

- ❖ Inaugural address given by Dr. H Ramakrishna, Principal, Sapthagiri College of Engineering.
