Event Description:

The Department of Biotechnology conducted a webinar for Students under the banner of The Institution of Engineers (India) Student chapter and Shrishti BT forum on 06 th May -2021 at 10:00 am to 11 am. The main aim of arranging invited talks to endeavor and initiate the students to know about the importance of research and current trends in the science. This invited talk is given by the Eminent Person Dr. Murali Kumaraswamy, Principal, Kamaraj College of Pharmacy, Chidambaram.

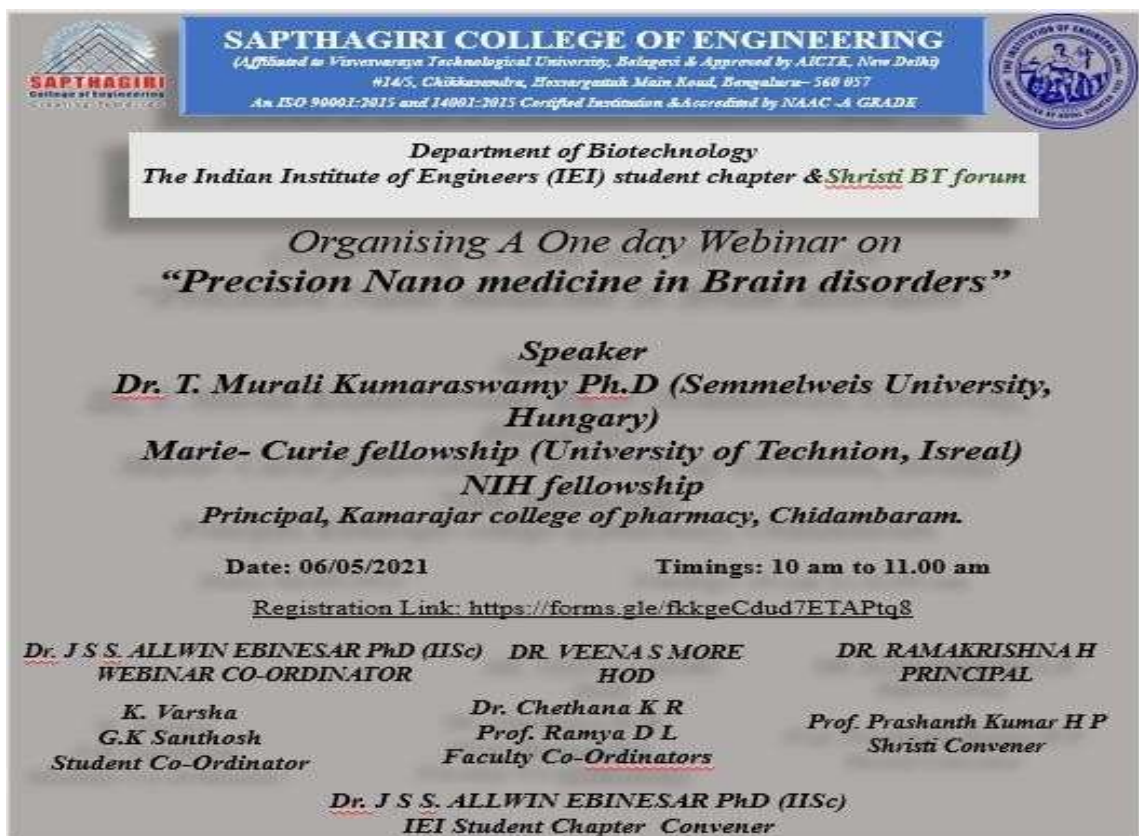

In 2015 he obtained Doctorate in Theoretical medicine from Doctoral School of Semmelweis University, Budapest, Hungary. After his PhD he spent few months at the Magneto-Optical Spectroscopy laboratory, Budapest University of Technology and Economics, working on the “*Magneto-optical diagnosis of malaria*” he then moved back to India and then he spent at the Centre of Nanotechnology, Indian Institute of Technology Roorkee. In January 2017, he joined in Technion-Israel Institute of Technology. He holds

several prestigious fellowships including Marie Curie and National Institute of Health (NIH), working in multidisciplinary aspects and he has gained valuable experience in testing biological responses to nanoparticles and nanomaterials. He is an author of over 30 publications, an inventor of patent/patent applications. In November 2019 he moved to the International Iberian Nanotechnology Laboratory located in Portugal to establish his senior Researcher position.

In this webinar, Professor discussed about the about the topics on Precision/ Personalized, Individual medicine, Neurological disorders, biological disorders and motivations and non-minimally invasive approaches in drug delivery.

In this webinar 106 students were participated and the webinar was successfully coordinated by Dr. Chethana K R, Ramya D L and the Student Co-ordinator Varsha K and Santhosh Kumar G.

Event Description:

The Department of Biotechnology & Department of Biotechnology organized alumni talk. Competition for Students under the banner of The Institution of Engineers (India) Student chapter on 18-May -2021 at 02:00 pm.

The objective of this Alumni talk is to allow, educate and to encourage the students regarding that: environmental monitoring a observation study of environment and use of tools to assess the environmental conditions.

Awareness about air and water quality standards

Alumni talk a webinar was conducted by sending out designed brochure to all the students and interested students participated. Students enthusiastically participated in the Alumni talk.

Event Description:

The Department of Biotechnology & Department of Biotechnology organized alumni talk Competition for Students under the banner of The Institution of Engineers (India) Student chapter on 1-June -2021 at 02:00 pm.

- The objective of this Alumni talk is to allow, educate and to encourage the students regarding that drug discovery and Drug development Process, Manufacturing, Clinical trials and Commercialization

- A Alumni talk was conducted by sending out designed brochure to all the students and interested students participated. Students enthusiastically participated in the Alumni talk.

Images:

The brochure is a rectangular flyer with a blue and white color scheme. It features the Sapthagiri College of Engineering logo in the top left corner. The text is centered and includes the college's name, affiliation, accreditation, and department. The main title of the event is 'Alumni Talk' in a large, bold, red font. Below it, the topic is 'Drug Discovery and Development: Industry Insight from Manufacturing to Commercialization' in a blue font. The speaker is identified as Mr. Gagan S, Senior Bioprocess Specialist at PALL corporation, Bengaluru. The event is scheduled for 1st June 2021, Tuesday, from 2.00 PM to 3.00 PM, and will be held online. At the bottom, the names and titles of the coordinators and the principal are listed.
