

Report on Technical Seminar on “Recent trends in electrical transmission”

Aiming to provide an additional skill and training on technical aspects of Transmission & Distribution, department conducted an FDP on “Recent trends in electrical transmission” by Dr. C.S. Ravi Prasad Director, TARUN TECHNOLOGIES, an Expert in the subject (from 27th July 2015 to 31st July 2015). The technical session was very helpful in upgrading the technical knowledge amongst the faculty members and Students. Almost all the faculties and students felt that the session was very informative to gain knowledge about transmission & distribution. This seminar was conducted under MOU activities.
